

KRISDYE

Caries Indicator

TECHNICAL & SAFETY INSTRUCTIONS FOR USE

Product Description : Krisdye is a green FD&C dye in a propylene glycol base. Krisdye assists the clinician in visual differentiation between the infected carious dentine and sound and remineralizable dentine by its ability to selectively dye the carious dentine.

Composition : Green F D & C dye, Propylene Glycol.

Indications : Caries indication by visual differentiation between infected carious dentine & sound, remineralizable dentine.

Instructions for Use : Make conservative cavity access. Wash and dry carious dentine. Dispense 1 or 2 drops of Krisdye in to a Dappen Dish and apply to the cavity with a brush or cotton pellet. Wait for 5 to 10 seconds and rinse with water spray. Remove green stained infected dentine. Repeat the application until carious dentine is removed and no further dentine staining occurs.

Caution : A low speed rotary instrument should be used for removing the carious dentine since frictional heat generated by the high speed tool can cause pain before all the stained outer carious dentine is removed.

Contraindications : Krisdye does not contain any hazardous ingredients in sufficient concentration to be harmful to human beings and causing irritation to oral tissues when not used as directed.

Storage Conditions : Store at temperature between 10°C to 24°C. Close the cap carefully after use. Keep away from moisture. Shelf life not affected after opening if stored in a cool dry place.

Disposal conditions : To be disposed off based on the prevailing rules of the country in which it is used.

Warning : Avoid prolonged or repeated contact with skin (allergic contact dermatitis), and eyes. Avoid prolonged inhalation. Do not take internally contact with the skin may cause irritation, burns of hypersensitivity. If contact with skin occurs immediately wipe off thoroughly with cotton and alcohol and then wash well with soap and water. If skin rash and sensitization or other allergic reaction occurs discontinue use and seek medical attention. If the product comes into contact with the eyes, rinse thoroughly with fresh water and consult a physician. It should not be used with patients who have a history of severe allergic reaction to any of the components.

Presentation : 1 x 10 ml Ref No. CI01-01

Shelf Life : 3 Years from the date of manufacturing

NOTE: TO BE USED BY DENTAL PROFESSIONALS ONLY.
